Dear Stan,

It's been 27 years since we caught the garbage scavengers aboard your destroyer in Cannes. Since then you've turned what was once a minor talent into a major career.

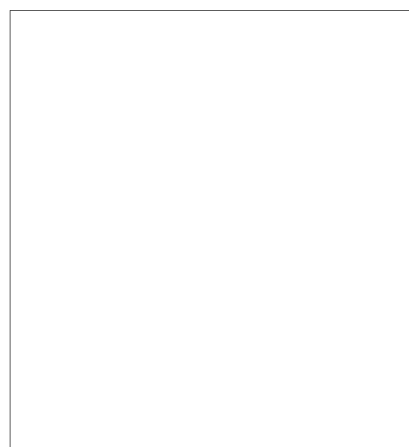

Stan, I thought it might be fun to catch up on some of the time in between. I plan to arrive in Washington Sunday night, August 14th. Would you be available for lunch or dinner on Monday, August 15th?

Sincerely,

STAT
